

## STUDENTS WISHING TO TRANSFER NURSING COURSES ONLY

I, \_\_\_\_\_, have earned 16 credits of Nursing courses from an  
(PRINT NAME)

ACEN or AACN accredited Nurse Education Program in the past 2 years with a “B” or better and am exempt from the TEAS exam.

I have included the following with my application packet for the Nursing Ed program:

- an official transcript proving enrollment in nursing courses within the last **2 years**. (A grade of “B” or better in a comparable nursing course is required for transfer credit.)
- letter of recommendation from my prior Nurse Clinical Instructor or Nursing Faculty Adviser.
- documentation showing completion of at least 8 credits of comparable course work in an ACEN or CCNE accredited Nurse Education Program.
- course syllabi from all previous Nurse Education courses

I am aware that an informational interview is required by the Department Chairperson regarding transfer credits and that my previous nursing classes may not align with the curriculum at NSCC and may not transfer.
