Thank you for your interest in the Radiologic Technology Program for Fall 2019. This application packet contains important information about admission requirements, the admission process, and program requirements for Fall 2019 (Note: these admission requirements are applicable to Fall 2019 only. For subsequent years, admission requirements are subject to change without notice).

Here are the Steps that must be followed to successfully apply to the program:

**STEP 1: READ THE INFORMATION IN THIS PACKET**
Please read all of the information in this packet carefully and follow all instructions. Admission to this Program is highly competitive and has a selective admission process. It is your responsibility to assure that you accurately understand the information in this packet and follow it accordingly.

**STEP 2: COMPLETE ALL ADMISSION CHECKLIST REQUIREMENTS**
The Admission Requirements Checklist in this packet details admission requirements and other important information. You must complete all checklist items for your application to be considered complete and ready for review. Please note that it is the applicant’s responsibility for assuring that the application is complete and received. If any of the required items are incomplete/missing when you submit your application material, your application will not be processed (i.e. reviewed). We will mail it back to you.

**STEP 3: SUBMIT YOUR COMPLETED APPLICATION**
We will begin taking completed applications on September 24, 2018. All completed applications received by close of business on January 11, 2019 will be reviewed for potential acceptance to the program. Completed applications may be considered under the same procedure after this date because space remains available in the program or waitlist, but there is no guarantee of such consideration. Admission to this program may close at any time after this date without notice. Thus, the only guarantee of consideration is to have the completed application submitted within the above dates. Applicants who submit completed applications between September 24, 2018 and January 11, 2019 will receive written notification of an admission decision in a letter postmarked by April 3, 2019. If offered admission, a non-refundable $150.00 deposit will be required to secure your acceptance to this Program. This fee will be used to meet the cost of several requirements for you to be enrolled in this program. We accept major credit cards, money orders, or personal checks payable to NSCC.

- **Walk-in Submission** - We strongly recommend that you submit your packet in person. A staff member will review your packet to ensure it is complete before you leave.

- **Mail-in Submission** - As stated above, it is the applicant’s responsibility for assuring that the application is complete and received. You can mail the items to us (see the NSCC application form for address). However, if any of the required items are incomplete/missing when you submit your application material; your application will not be processed. We will mail it back to you.
**Admission Requirements Checklist**

<table>
<thead>
<tr>
<th>Checklist Item</th>
<th>Important Information</th>
<th>Applicant: initial below when complete</th>
</tr>
</thead>
<tbody>
<tr>
<td>Chemistry</td>
<td>Course can be at the High School or College level and must have a final grade or C or higher (no time limit)</td>
<td>(NOTE: Requirements are considered incomplete if in progress, scheduled, or requested)</td>
</tr>
</tbody>
</table>
| Biology Requirement: | Complete ONE of the following courses or testing options:  
  • BIO211 with a grade of C or higher (no time limit)  
  • BIO101 or BIO105 with a grade of C or higher (no time limit)  
  • TEAS version V or ATI TEAS only - Science section score of 50% or higher (no time limit)  
  • LPN Certificate (no time limit)  
  • Bachelor of Science in Biological science (no time limit)  
  • One of the following within the past 5 calendar years:  
    o H.S Biology with a C or higher  
    o CLEP test with a score of 50 or higher  
    o AP Biology Test with a score of 3 or higher | Initial here after circling the option in the previous column by which you meet this requirement |
| Math Requirement | An applicant must meet Mathematics Proficiency and demonstrate ONE of the following:  
  • CEAR 54 or above  
  • Math SAT 510 or higher (if taken prior to 2016)  
  • Math SAT score of 540 or higher (if taken in 2016 or later)  
  • Math ACT score of 22 or higher  
  • Math 002 with a final grade of C or better completed Fall of 2016 or later  
  • Math Module 8 or above  
  • MAT 110 with C or better  
  • College level math course with a final grade of C or higher  
  • For 2014 (or later) High School graduates:  
    o Overall HS GPA of 2.7 or higher | Initial: __________ |
| TEAS Exam – ATI TEAS | The ATI TEAS exam can be taken at NSCC or at another ATI approved testing site. We will accept the TEAS V if taken at NSCC or an ATI approved testing site within the last two years. If not taken at NSCC, you need to submit an official transcript of your scores from ATI (additional charges may apply). The same passing scores apply for TEAS V as those specified for this year’s ATI TEAS exam. Applicants are limited to two attempts within a year; regardless of | Initial: __________ |

See the TEAS Policy and procedure document in this packet for further details on
<table>
<thead>
<tr>
<th>Section</th>
<th>Description</th>
<th>Initial:</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>testing site and program to which they are applying.</strong></td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>Minimum required scores for ATI TEAS:</strong></td>
<td>Reading = 69%, Math = 70%, Science = 50%, English = no minimum.</td>
<td></td>
</tr>
<tr>
<td><strong>NSCC Application for Admission</strong></td>
<td>This form must be completed for the year for which you are applying; regardless of whether you are a new or current student (a previously submitted application does not count).</td>
<td></td>
</tr>
<tr>
<td><strong>Communications and Math Proficiency</strong></td>
<td>There are many ways to demonstrate this, including but not limited to: placement testing, by course work here or at another College, SAT scores, and some Entrance Exams. For details visit <a href="http://www.northshore.edu/academics/proficiency/basic_skills.html">http://www.northshore.edu/academics/proficiency/basic_skills.html</a></td>
<td></td>
</tr>
<tr>
<td><strong>Mandatory Information Session Attendance Form</strong></td>
<td>Upcoming dates are included in this packet. When you attend the session, you will be given an attendance form to submit with your application.</td>
<td></td>
</tr>
<tr>
<td><strong>High school transcript or GED score report</strong></td>
<td>Submit an official copy of the high school transcript or GED score report. If you previously submitted the transcript or score report and attended classes within the past 5 years, then Enrollment likely has it on file.</td>
<td></td>
</tr>
<tr>
<td><strong>Official transcripts from all Colleges/Universities previously attended</strong></td>
<td>You <em>must submit</em> official transcripts from all Colleges/Universities previously attended. If the College/University will give an official transcript directly to you, then have them do so. This is the <em>most efficient way for you to ensure that receipt of transcripts do not hold up your application</em>. If you have previously submitted transcripts and have since completed courses or are currently registered for courses, then you need to submit an <em>updated transcript</em>. NOTE: The sooner you start the transfer request process the better. It has been the College’s experience that it can take on average 1-2 months for transcript requests to be processed and sent to us from other colleges.</td>
<td></td>
</tr>
<tr>
<td><strong>Questionnaire</strong></td>
<td>The questionnaire is included in this packet. A word-processed questionnaire must be submitted for the year in which you are applying.</td>
<td></td>
</tr>
<tr>
<td><strong>Program’s Student Handbook</strong></td>
<td>Read the Radiologic Technology Student Handbook in its entirety. This can be accessed in the Library or on the website: <a href="http://www.northshore.edu/academics/programs/rad/student_handbook_freshman">http://www.northshore.edu/academics/programs/rad/student_handbook_freshman</a></td>
<td></td>
</tr>
</tbody>
</table>

**Evaluation Information**

Admission decisions are based on careful evaluation of all admission requirements detailed in the checklist, as well as an interview (see additional information section for further details). All submitted transcripts will be evaluated for overall academic performance/history and course work in specific subjects (including but not limited to science, English, behavioral sciences, health courses and math). Questionnaire evaluation includes but is not limited to the following: correct grammar/spelling, overall content and quality of answer (e.g. accuracy, thoroughness, and relevance to the question asked). The application and admission process abides by the College’s policy of non-discrimination on the basis of race, creed, religion, color, gender, sexual orientation, age disability, genetic information, maternity leave and national origin.
Confirmation Statement

When you can initial every checklist item (on this page and the previous pages) as complete, then sign the confirmation statement below and submit your application to the Enrollment Center in Lynn or Danvers (submit in person if possible, but you can mail it to the address on the NSCC application form):

I acknowledge that I have read all of the information in this admission application packet and the Radiologic Technology Program’s Student Handbook in its entirety. I acknowledge that it is my responsibility that I understand all of the information contained in these items by seeking further information/clarification from an Academic Advisor and/or other appropriate College personnel. Furthermore, I agree to comply with all College policies including but not limited to Program policies should I be granted admission to this program.

Signature: ___________________________________________ Date: ________________
Additional Important Information

1. **If you are accepted** you MUST attend a **Mandatory Orientation/Registration** day scheduled on **Thursday May 16, 2019**. Also, you will be required to attend additional orientation day(s) during the months of July and/or August, during which time you will receive further important program information and be orientated to guidelines for patient simulation scenarios. Further information (including dates/times) for these additional orientations will be given to you at the May 16, 2019 orientation.

2. **The program anticipates accepting approximately 17 students for Fall 2019.** The decision in response to your completed application will be: accepted to Radiologic Technology; accepted conditionally to Radiologic Technology; or wait list for Radiologic Technology; or denied admission to Radiologic Technology.

3. **Interviews:** All qualified applicants will be interviewed as a part of the application process for the Radiologic Technology Program. Applicants will be required to read the RT Student Handbook and watch a short YouTube video on Radiography prior to the interview.

4. Please be advised that **students accepted to this program will be required to fully participate in patient simulation scenarios** designed to closely replicate the healthcare workforce environment, which will prepare students to perform required competencies and care for patients. These scenarios are video recorded and viewed in debriefing sessions that allow for reflective learning, peer-to-peer learning, and evaluation by faculty/staff. Students are expected to respect and care for the patient simulators as if they were live patients, as well as to respect their fellow classmates during scenarios and debriefing sessions.

5. **Anatomy and Physiology 1 is required in the first semester of this program.** In order to register for this course, you must have completed **ONE** of the following:
   - BIO211 or BIO105 with a grade of C or higher (no time limit)
   - LPN Certificate (no time limit)
   - Bachelor of Science in Biological Science (no time limit)
   - High School Biology with a C or higher within the last 5 calendar years
   - CLEP test with a score of 50 or higher within the last 5 calendar years
   - AP Biology Test with a 3 or higher within the last 5 calendar years
   - Score of 50 or higher on the science section of the TEAS version V Entrance Exam

6. **Introduction to Statistics is required in the first semester for Fall 2019.** In order to register for this course, you must demonstrate **ONE** of the following:
   - Elementary Algebra 2 (MAT092), Intermediate Algebra (094) or higher level math course with a final grade of C or better. This can be completed at NSCC or can be an equivalent course from an accredited College/University.
   - A score of 54 or higher on the Algebra portion (CEAR) of the Computerized Placement Test.
   - Successful completion of Module 8 of the Preparation for College Math Modules
   - Score of 510 or higher on the Math portion of the SAT (there is no time limit on the SAT)

7. Students interested in participating in an academic program that involves working with children, the disabled, or the elderly, or which includes a clinical affiliation, internship, or field placement with a private or public health care provider, may be required to undergo a **Criminal Offender Record Information (CORI), and/or Sex Offender Record Information (SORI) check(s), and/or National County Background Check(s)**. Depending on the contents of student’s CORI(s) or SORI(s), a student’s participation in clinical internship or field placement course may not be allowed, and therefore may impact a student’s ability to complete program requirements.
Furthermore, please note that all screening requirements that occurred during the student’s enrollment in the program do not presume a guarantee of eligibility to sit for professional credentialing examination(s) or employment in a medical facility upon graduation.

8. **Drug Screening** - Student(s) accepted to a Health Profession program and/or enrolled in a health profession course may be required to undergo a drug screening analysis in order to be eligible for participation in clinical internship(s). The drug screening(s) may be random or for cause, and the student will be notified if they are required to undergo such drug screening(s). Students who either fail to pass, or refuse to submit to, or fail to schedule and take a drug screening analysis within the designated time frame required in the notification of drug screening, will be deemed ineligible for clinical placement, which will affect their status in the program. If you have any questions pertaining to this policy, please contact the Interim Dean of Health Professions, Human Services and Emergency Response Pathways, Cindy O’Donnell at codonnel@northshore.edu.

9. To practice as a Radiologic Technologist in Massachusetts, individuals must obtain a license, which according to law requires that individuals must: graduate from an accredited Radiologic Technology Program, complete the necessary forms, be of good moral character, pass a licensure examination, and pay the appropriate fee(s) before licensure may be obtained. It is the student’s responsibility to research the above mentioned requirement. The American Registry of Radiologic Technologists, which administers the licensure exam, offers an Ethics Pre-Application Review Process for offenses that may impact eligibility to sit for the exam. For further details, go to [www.arrt.org](http://www.arrt.org), click on the “Ethics” section in the left navigation bar, then select “Pre-Application Process”.

10. Working as a Radiologic Technologist is physically, mentally, and emotionally demanding. Applicants who are offered admission must document their ability to perform all essential tasks with or without reasonable accommodation in order to begin the professional courses. If you are an otherwise qualified individual with a disability who seeks a reasonable accommodation, you need to contact the Office of Accessibility Services for eligibility determination for reasonable accommodation(s). A list of the essential tasks is in this packet under the section entitled, “Technical Standards for The Radiologic Technology Program”.

11. Health science students must meet immunization requirements under state law, MGL Chapter 76, Section 15C and its regulations at 105 CMR 220.000 – 220.700. Students must also meet any additional immunization requirements required by clinical affiliates. According to MGL Chapter 76, Section 15C, a health science student who is in contact with patients may be exempt from the immunization requirements imposed under state law pursuant to a medical or religious exemption. Submission of documentation will be required and, if sufficient to qualify for a medical or religious exemption, it will be granted. PLEASE BE ADVISED that, while the college will make a reasonable effort to place you in a clinical facility, clinical placement cannot be guaranteed in light of an un-immunized status. If a clinical placement cannot be secured, then you will be unable to complete the program's clinical requirement. Thus, you will be unable to progress and will fail out of the program.

Upon admission, all students must provide evidence of a ONE-Step Tuberculin Skin Test (TST) within the specific guidelines in the health packet OR IGRA-serology (T-SPOT or Quantiferon Gold). You may be required to submit an additional TST (2-step) per some clinical placement sites. If you have previously skin-tested 'positive', you need to submit ONE negative chest x-ray report per OSHA/CDC requirement as well as complete the NSCC Healthcare Provider Tuberculin Screening form.
A **NEW** health requirement for all newly enrolled students between 16-21 years old is ONE dose of MenACWY (formally MCV4) on OR after the student’s 16th birthday. Students may decline MenACWY vaccine after they have read and signed the MDPH Meningococcal Information and Waiver Form included in this packet (see pages 8 & 9).

**If you are accepted**, a Health Packet will be mailed to you and must be thoroughly completed by you and your health care provider **AS SOON AS POSSIBLE**, but **no later than July 3, 2019**. Additionally, if accepted, you will be sent and will need to sign the Technical Standards form (a copy is included in this packet for your review as part of the admission application process).

**Students are REQUIRED to make a complete copy of their Health Packet before submitting the original forms.**

12. Accepted students will be required to maintain **Student Liability Insurance** throughout their enrollment in the program. Information about this process will be provided at the Mandatory Orientation.

13. Prior to beginning clinical placements, students must document that they have **Basic Life Support Certification at the Health Provider Level, through the American Heart Association**.

14. During the program, **students are responsible for own their transportation** to a variety of clinical facilities (which may or may not be accessible by public transportation).

15. **Program Fees** – In addition to College-wide tuition and fees, please be advised that a high cost program fee is applied to this program. In addition to the high cost program fee, other costs may be incurred to fulfill other program and clinical requirements (e.g. uniforms, stethoscopes, etc.)
**Information about Meningococcal Disease, Meningococcal Vaccines, Vaccination Requirements and the Waiver for Students at Colleges and Residential Schools**

**Colleges:** Massachusetts requires all newly enrolled full-time students 21 years of age and under attending a postsecondary institution (e.g., colleges) to: receive a dose of quadrivalent meningococcal conjugate vaccine on or after their 16th birthday to protect against serotypes A, C, W and Y or fall within one of the exemptions in the law, discussed on the reverse side of this sheet.

**Residential Schools:** Massachusetts requires all newly enrolled full-time students attending a secondary school who will be living in a dormitory or other congregate housing licensed or approved by the secondary school or institution (e.g., boarding schools) to receive a dose of quadrivalent meningococcal conjugate vaccine to protect against serotypes A, C, W and Y or fall within one of the exemptions in the law, discussed on the reverse side of this sheet.

The law provides an exemption for students signing a waiver that reviews the dangers of meningococcal disease and indicates that the vaccination has been declined. To qualify for this exemption, you are required to review the information below and sign the waiver at the end of this document. Please note, if a student is under 18 years of age, a parent or legal guardian must be given a copy of this document and must sign the waiver.

**What is meningococcal disease?**
Meningococcal disease is caused by infection with bacteria called *Neisseria meningitidis*. These bacteria can infect the tissue that surrounds the brain and spinal cord called the “meninges” and cause meningitis, or they can infect the blood or other body organs. Symptoms of meningitis may appear suddenly. Fever, severe and constant headache, stiff neck or neck pain, nausea and vomiting, and rash can all be signs of meningitis. Changes in behavior such as confusion, sleepiness, and trouble waking up can also be important symptoms. In the US, about 1,000-1,200 people get meningococcal disease each year and 10-15% die despite receiving antibiotic treatment. Of those who live, another 11-19% lose their arms or legs, become hard of hearing or deaf, have problems with their nervous systems, including long term neurologic problems, or suffer seizures or strokes.

**How is meningococcal disease spread?**
These bacteria are passed from person-to-person through saliva (spit). You must be in close contact with an infected person's saliva in order for the bacteria to spread. Close contact includes activities such as kissing, sharing water bottles, sharing eating/drinking utensils or sharing cigarettes with someone who is infected; or being within 3-6 feet of someone who is infected and is coughing or sneezing.

**Who is at most risk for getting meningococcal disease?**
High-risk groups include anyone with a damaged spleen or whose spleen has been removed, those with persistent complement component deficiency (an inherited immune disorder), HIV infection, those traveling to countries where meningococcal disease is very common, microbiologists who work with the organism and people who may have been exposed to meningococcal disease during an outbreak. People who live in certain settings such as college freshmen living in dormitories and military recruits are also at greater risk of disease from some of the serogroups.

**Are some students in college and secondary schools at risk for meningococcal disease?**
College freshmen living in residence halls or dormitories are at an increased risk for meningococcal disease caused by some of the serotypes contained in the quadrivalent vaccine, as compared to individuals of the same age not attending college. The setting, combined with risk behaviors (such as alcohol consumption, exposure to cigarette smoke, sharing food or beverages, and activities involving the exchange of saliva), may be what puts college students at a greater risk for infection. There is insufficient information about whether new students in other congregate living situations (e.g., residential schools) may also be at increased risk for meningococcal disease. But, the similarity in their environments and some behaviors may increase their risk.

The risk of meningococcal disease for other college students, in particular older students and students who do not live in congregate housing, is not increased. However, quadrivalent meningococcal vaccine is a safe and effective way to reduce their risk of contracting this disease. In general, the risk of invasive meningococcal B disease is not increased among college students relative to others of the same age not attending college. However, outbreaks of meningococcal B disease do occur, though rarely, at colleges and universities. Vaccination of students with meningococcal B vaccine may be recommended during outbreaks.
Is there a vaccine against meningococcal disease?
Yes, there are 2 different meningococcal vaccines. Quadrivalent meningococcal conjugate vaccine (Menactra and Menveo) protects against 4 serotypes (A, C, W and Y) of meningococcal disease. Meningococcal serogroup B vaccine (Bexsero and Trumenba) protects against serogroup B meningococcal disease. Meningococcal conjugate vaccine is routinely recommended at age 11-12 years with a booster at age 16. Students receiving their first dose on or after their 16th birthday do not need a booster. Individuals in certain high risk groups may need to receive 1 or more of these vaccines based on their doctor’s recommendations. Adolescents and young adults (16-23 years of age) who are not in high risk groups may be vaccinated with meningococcal B vaccine, preferably at 16-18 years of age, to provide short-term protection for most strains of serogroup B meningococcal disease. Talk with your doctor about which vaccines you should receive.

Is the meningococcal vaccine safe?
Yes. Getting meningococcal vaccine is much safer than getting the disease. Some people who get meningococcal vaccine have mild side effects, such as redness or pain where the shot was given. These symptoms usually last for 1-2 days. A small percentage of people who receive the vaccine develop a fever. The vaccine can be given to pregnant women. A vaccine, like any medicine, is capable of causing serious problems such as severe allergic reactions, but these are rare.

Is meningococcal vaccine mandatory for entry into secondary schools that provide housing, and colleges?
Massachusetts law (MGL Ch. 76, s.15D) and regulations (105 CMR 220.000) requires both newly enrolled full-time students attending a secondary school (those schools with grades 9-12) who will be living in a dormitory or other congregate housing licensed or approved by the secondary school or institution and newly enrolled full-time students 21 years of age and younger attending a postsecondary institution (e.g., colleges) to receive a dose of quadrivalent meningococcal vaccine.

At affected secondary schools, the requirements apply to all new full-time residential students, regardless of grade (including grades pre-K through 8) and year of study. Secondary school students must provide documentation of having received a dose of quadrivalent meningococcal conjugate vaccine at any time in the past, unless they qualify for one of the exemptions allowed by the law. College students 21 years of age and younger must provide documentation of having received a dose of quadrivalent meningococcal conjugate vaccine on or after their 16th birthday, unless they qualify for one of the exemptions allowed by the law. Meningococcal B vaccines are not required and do not fulfill the requirement for receipt of meningococcal vaccine. Whenever possible, immunizations should be obtained prior to enrollment or registration. However, students may be enrolled or registered provided that the required immunizations are obtained within 30 days of registration.

Exemptions: Students may begin classes without a certificate of immunization against meningococcal disease if: 1) the student has a letter from a physician stating that there is a medical reason why he/she can’t receive the vaccine; 2) the student (or the student’s parent or legal guardian, if the student is a minor) presents a statement in writing that such vaccination is against his/her sincere religious belief; or 3) the student (or the student's parent or legal guardian, if the student is a minor) signs the waiver below stating that the student has received information about the dangers of meningococcal disease, reviewed the information provided and elected to decline the vaccine.

Where can a student get vaccinated?
Students and their parents should contact their healthcare provider and make an appointment to discuss meningococcal disease, the benefits and risks of vaccination, and the availability of these vaccines. Schools and college health services are not required to provide you with this vaccine.

Where can I get more information?
- Your healthcare provider
- The Massachusetts Department of Public Health, Division of Epidemiology and Immunization at (617) 983-6800 or www.mass.gov/dph/imm and www.mass.gov/dph/epi
- Your local health department (listed in the phone book under government)

Waiver for Meningococcal Vaccination Requirement
I have received and reviewed the information provided on the risks of meningococcal disease and the risks and benefits of quadrivalent meningococcal vaccine. I understand that Massachusetts’ law requires newly enrolled full-time students at secondary schools who are living in a dormitory or congregate living arrangement licensed or approved by the secondary school, and newly enrolled full-time students at colleges and universities who are 21 years of age or younger to receive meningococcal vaccinations, unless the students provide a signed waiver of the vaccination or otherwise qualify for one of the exemptions specified in the law.

☐ After reviewing the materials above on the dangers of meningococcal disease, I choose to waive receipt of meningococcal vaccine.

Student Name: __________________________________________ Date of Birth: ________ Student ID: ___________________

(Student or parent/legal guardian, if student is under 18 years of age)
How to Apply for Admission

GENERAL INSTRUCTIONS
• Complete ALL information requested on the application form. An incomplete application will delay admissions processing.
• ALL students must complete the In-State Tuition Eligibility Form.
• Submit proof of high school graduation (diploma or high school transcript), GED/HiSET, associate degree or higher. Some programs may require high school transcripts or GED/HiSET scores. If still in high school, students should submit current transcript.
• Submit official transcripts from each previous college listed on the application.
• Submit all documents to the following address:
  North Shore Community College, Enrollment & Student Records, PO Box 3340, Danvers, MA 01923
  Or fax to: 978-762-4015, or email to: records@northshore.edu

INFORMATION
• No application fee is required. NSCC has an open admissions policy.
• Some programs have specific selection procedures and interviews may be required. Prospective students are encouraged to call or visit the Enrollment Office in Danvers at 1 Ferncroft Road or the Lynn Campus at 300 Broad Street.
• Students interested in participating in an academic program that involves working with children, the disabled, or the elderly, or includes a clinical affiliation, internship, or field placement with a private or public health care provider, may be required to undergo a Criminal Offender Record Information (CORI) check and/or SORI (Sex Offender Registry Information) check prior to participation.
• CORI and SORI checks are not used in any way as admission criteria. Depending on the contents of a student’s CORI and/or SORI, participation in a clinical affiliation, internship, or field placement may be denied. Programs involving a clinical affiliation, internship, or field placement are marked with a ✓ on the list of NSCC Credit Degree & Certificate programs.

For more information, please call 781-477-2107 or 978-762-4188. Admissions questions may also be emailed to: info@northshore.edu

FINANCIAL AID
At NSCC, we understand that financing an education can be a challenge. There is only one application to apply for financial aid, which is the Free Application for Federal Student Aid or FAFSA. For more information about applying for financial aid and the cost to attend, please visit www.northshore.edu/financial-services.

The Office of Student Financial Services is available to answer any questions about paying for your education. The phone number is 978-762-4189 or the email is sfs@northshore.edu.

North Shore Community College is committed to sustainable and responsible enviromental practices. All publications are printed on recycled papers.
NSCC Credit Degree & Certificate Programs

Welcome! NSCC offers a wide variety of Associate Degree and credit Certificate Programs. To learn more about specific programs, such as locations, schedules and admissions requirements, please visit our website, email us, or call NSCC’s Admissions Department on the Lynn or Danvers campuses for more information.

www.northshore.edu • info@northshore.edu

Academic Interests & Resources

The following opportunities and resources are available to you while attending NSCC. Please review and check below if you would like additional information. Some programs have eligibility requirements.

☐ Financial Aid
Please select the option below that best describes your plans to complete the Free Application for Federal Student Aid (FAFSA). This information will have no impact on whether you are admitted to the college.

☐ I plan to apply for financial aid and will be completing the FAFSA at http://fafsa.ed.gov.
☐ I plan to apply for financial aid, but I need help from NSCC's Student Financial Services office to complete the FAFSA.
☐ I do not plan to apply for federal, state or institutional financial aid at this time.

www.northshore.edu/financial-services

☐ Scholarships
The NSCC Foundation awards scholarships annually to NSCC students in consideration of academic and non-academic factors, and demonstrated need. Scholarships are available for incoming students and current students. Recipients are selected on a competitive basis through a scholarship application process.

www.northshore.edu/scholarships

☐ Career Exploration
Explore career and academic pathway options with assistance from NSCC Pathway advisors.

www.northshore.edu/career_services

☐ Mass Transfer Program & Transfer Agreements
Each year hundreds of students transfer from NSCC to four-year colleges and universities all over the country to pursue their academic goal of a bachelor's degree. By starting at NSCC, you can achieve your dream while also dramatically reducing the long-term financial burden of college costs.

www.northshore.edu/transfer_services

☐ Commonwealth Commitment
Commonwealth Commitment is an opportunity for students who want to pursue a bachelor's degree and save significant money by attending 2-2 1/2 years at a community college and transferring easily to a MA state university.

www.northshore.edu/macomcom

☐ Honors Program
An opportunity for academic challenge, social networking, and enhanced transfer opportunities.

www.northshore.edu/honors

☐ ESL Classes
I am interested in learning English as a second language.

www.northshore.edu/academics/departments/esl

☐ Presidential Scholars
A scholarship opportunity for eligible incoming high school graduates which includes leadership development.

www.northshore.edu/scholarships/presidential-scholars

☐ TRIO/Student Support Services
An academic support and leadership development program for students who meet federal eligibility requirements.

www.northshore.edu/trio/support-services

☐ Women in Transition
Based on NSCC's Danvers campus, students take first-year general education courses together in a supportive learning community dedicated to easing the transition to college and explore academic and career paths. Students can apply credits earned to their NSCC academic program of choice.

www.northshore.edu/wit

☐ Student Clubs & Organizations
Students have the opportunity to develop personal, organizational and civic leadership skills, and to create meaningful, lasting memories through their participation in clubs, organizations and a variety of community service projects.

www.northshore.edu/engagement

### Citizenship

- ☐ U.S. Citizen  
- ☐ Permanent Resident Card (Green Card)

If yes, enter Alien Registration number. If no, enter type of Visa.

<table>
<thead>
<tr>
<th>Will You Require a Student Visa to Attend NSCC?</th>
<th>Yes</th>
<th>No</th>
</tr>
</thead>
</table>

### Ethnicity

Choose one:  
- ☐ Hispanic/Latino  
- ☐ Non-Hispanic/Latino

### Race

Please select one or more categories to describe yourself:  
- ☐ American Indian/Alaskan Native  
- ☐ Native Hawaiian/Pacific Islander  
- ☐ Asian  
- ☐ White  
- ☐ Cape Verdean  
- ☐ Black/African American

### Military

Are you present or former military personnel?  
- ☐ Yes  
- ☐ No
Academic Information

I AM: □ A FIRST-TIME STUDENT (NEVER ATTENDED COLLEGE BEFORE).
□ A TRANSFER STUDENT (PREVIOUSLY ATTENDED ANOTHER COLLEGE).
□ AN NSCC GRADUATE SEEKING READMISSION.
□ A PREVIOUS NSCC STUDENT (NON-GRADUATE).
 Were you in a degree program? □ YES □ NO

Choose A or B:

A. □ I INTEND TO PURSUE A DEGREE OR CERTIFICATE PROGRAM.
   Please refer to NSCC Degree & Certificate Programs list.
   
   FIRST CHOICE: ____________________________
   Some programs have specific admissions requirements. If you do not meet these requirements, your program of study will default to your second choice.

   SECOND CHOICE: ____________________________

   □ IF YOU ARE APPLING TO AN NSCC DEGREE OR CERTIFICATE PROGRAM, SELECT THE GOAL WHICH BEST DESCRIBES YOU.
   □ I AM PLANNING TO GRADUATE WITH A DEGREE OR CERTIFICATE
   □ I AM TAKING ONE OR MORE COURSES TO TRANSFER

B. □ I PREFER UNSPECIFIED STATUS. I DO NOT INTEND TO CHOOSE A PROGRAM OF STUDY AT THIS TIME. I understand I am not eligible for financial aid unless I choose a program of study.
   
   □ IF YOU HAVE NOT YET SELECTED AN NSCC PROGRAM, SELECT THE GOAL WHICH BEST DESCRIBES YOU.
   □ I AM TAKING ONE OR MORE COURSES TO TRANSFER.
   □ I AM TAKING ONE OR MORE COURSES TO UPGRADE OR LEARN NEW JOB/ACADEMIC SKILLS.
   □ I AM TAKING COURSES FOR PERSONAL GROWTH.
   □ I AM NOT READY TO DECLARE AT THIS TIME.

Educational Background

1) HIGH SCHOOL EDUCATION □ HIGH SCHOOL GRADUATE □ GED RECIPIENT □ DID NOT GRADUATE

NAME OF HIGH SCHOOL OR GED TEST CENTER

□ YES □ NO DID A PARENT, RELATIVE OR SIBLING GRADUATE FROM NSCC?
□ YES □ NO DID YOUR MOTHER OR FATHER GRADUATE FROM A 4-YEAR COLLEGE?
□ YES □ NO WILL YOU HAVE RECEIVED A BACHELOR'S OR PROFESSIONAL DEGREE BY THE TIME YOU ENTER NSCC?
□ YES □ NO IS ENGLISH YOUR NATIVE LANGUAGE?

2) COLLEGE EDUCATION □ COLLEGE GRADUATE □ DID NOT GRADUATE □ WILL GRADUATE ________ (YEAR)

Please proceed to the next page and follow the instructions.
Instructions page two: Please answer both of the following questions. Evaluation of the answers will include grammar and spelling, as well as overall content and quality of the answers (e.g. accuracy, thoroughness, and relevance to the question asked). Handwritten applications will not be accepted. Make sure your name is on each of the pages submitted.

1. The Radiologic Technology Program requires dedication and commitment in order to succeed. How will you organize your life and prioritize your other commitments to become a successful student?

2. In the Radiologic Technology Program you will perform exams on emergency room patients involved with trauma and patients in the operating room undergoing surgery. Explain why you believe you will be able to succeed in these types of environments.
**TECHNICAL STANDARDS FOR RADIOLOGIC TECHNOLOGY**

**To the Student:** As you complete this form please consider your physical and mental/attitudinal ability to meet the Technical Standards associated with the health professions program that you are about to enter. Please carefully consider the General Job Description as you evaluate your ability to meet the Technical Standards specified. Contact the Radiologic Technology Program at (978) 762-4163, if you require more specific information about the physical and mental/attitudinal requirements of the program.

**General Job Description:** Provides health care services, applying x-ray energy to assist in diagnosis or treatment. Performs radiographic procedures and related techniques, producing images for the interpretation by, or at the request of a licensed practitioner. Exercises professional judgment in performance of services and maintains a demeanor complimentary to medical ethics. Provides appropriate patient care and recognizes patient conditions essential for successful completion of the procedure.

Throughout the performance of your duties as a healthcare provider, you will be exposed to infectious diseases in all practice settings. Although you will learn practices and procedures to minimize the risk of exposure, you should be aware of the risk and take it into consideration when deciding to enter this program and profession.

**Accepted Students: Please sign and return to Health Professions Main Office – DH318**

**IMMUNIZATIONS**

Health science students must meet immunization requirements under state law, MGL Chapter 76, Section 15C and its regulations at 105 CMR 220.000 – 220.700. Students must also meet any additional immunization requirements required by clinical affiliates.

According to MGL Chapter 76, Section 15C, a health science student who is in contact with patients may be exempt from the immunization requirements imposed under state law pursuant to a medical or religious exemption. Submission of documentation will be required and, if sufficient to qualify for a medical or religious exemption, it will be granted. **PLEASE BE ADVISED** that, while the college will make a reasonable effort to place you in a clinical facility, **clinical placement cannot be guaranteed in light of an un-immunized status.** If a clinical placement cannot be secured, then you will be unable to complete the program’s clinical requirement. Thus, you will be unable to progress and will fail out of the program.

*Performance Level: O = occasionally 50-74%; F = frequently 75-89%; C = constantly 90-100%*
*Applicants who are offered admission must document their ability to perform all essential tasks with or without reasonable accommodation in order to begin the professional courses. If you are an otherwise qualified individual with a disability who seeks a reasonable accommodation, you need to contact the Office of Accessibility for eligibility determination for reasonable accommodation(s). For those applicants offered admission into the program, you will be asked to self-certify by signing the Technical Standards form which is included in the Health Form packet that will be mailed to you and that you are required to complete no later than July 5, 2018.
ATI TEAS
ENTRANCE EXAM FOR HEALTH PROGRAMS - FALL 2019

For more information: Drop in to either testing center - Danvers DB213 or Lynn LS215
Call 978-739-5550 or email TEAS@northshore.edu

GENERAL INFORMATION
The “ATI Test of Essential Academic Skills” (TEAS) is a computerized test composed of multiple-choice questions organized into four sections, which measure reading ability, basic mathematics skills, science and English grammar. It is a timed test published by Assessment Technologies Institute (ATI Testing), LLP. Testers should plan to spend approximately 4 hours at the test center. A four-function calculator is incorporated into the test, dictionaries and other aids are not permitted.

</table>

* Section is required but no minimum score has been determined.

NOTE: Respiratory Care and Surgical Tech requires that the ATI TEAS test be taken at North Shore Community College Lynn or Danvers Campus. Nurse Education and Practical Nursing programs highly recommend that the ATI TEAS test be taken at North Shore Community College Lynn or Danvers Campus.

ELIGIBILITY
Any individual may take the ATI TEAS test at the Center for Alternative Studies and Educational Testing. However, students may only take the test two (2) times in the academic year prior to submitting their application regardless of location. Students whose score reports reflect that they have tested more than 2 times or at another location other than NSCC, must also submit an official TEAS Transcript from ATI: http://www.atitesting.com/ati_store/. The academic year is September 1 through August 31.

REGISTERING and PAYING FOR THE TEST
The ATI TEAS test is offered on a regular basis in Lynn and Danvers. To access the schedule go to www.atitesting.com and follow the instructions below. Click ‘Register for the ATI TEAS’ then select Massachusetts and either Lynn or Danvers to see the dates and times available. Space is limited, and more sessions are added as sessions fill. It is recommended that applicants for the Fall Semester of 2019
prepare for the exam early and register to take the test as soon as they feel prepared. Registration and payment for the ATI TEAS test are done online. **Registrations are final.**

**To view available testing dates, register and pay:**
- Go to [www.atitesting.com](http://www.atitesting.com).
- Log into ATI or create an ATI account if you don’t already have one.
- Follow the prompts to “Register for the ATI TEAS.”
- Choose Massachusetts and then either Lynn or Danvers to view NSCC’s TEAS schedule. More dates are added as sessions fill.
- Select your test date and enter your credit card information.
- Payment is due online at the time of registration. The fee is $94 per test.
- **Payment is NON REFUNDABLE and ALL TEAS REGISTRATIONS ARE FINAL** so be sure that you have read the admissions packet thoroughly and that you are ready to test on the date scheduled.
- You will receive an email confirmation of your testing appointment. **You will need your ATI Username and Password on the date of testing.**

If you need help registering for the TEAS, call ATI at 1-800-667-7531.

**PREPARATION for the ATI TEAS**

Students are strongly encouraged to prepare for this exam. Be sure to use the ATI TEAS Study Manual version 6. The TEAS test was revised on August 31, 2016 so the TEAS V Manual is now outdated. The ATI TEAS Study Manual and online practice tests are available at [www.atitesting.com](http://www.atitesting.com). The book is also available in the reference section of the NSCC libraries or for sale at the NSCC College Bookstores. NSCC also offers non-credit prep courses for the ATI TEAS test. For more information, consult the college website or call Corporate and Community Ed at (978) 236-1200.

**ADMISSION TO THE TEST**

Report to ROOM LS215 (Lynn) or ROOM DB213 (Danvers) fifteen minutes before the start time of the test. **Students arriving late will not be admitted to the testing session and must pay the $94 testing fee to reschedule.**

The following are required for admission to your TEAS testing session:
- A photo ID (valid driver’s license or school ID with photo)
- Your ATI username and password

**SCORING**

Students receive their individual ATI TEAS score reports immediately upon completion of the exam. Students can also access their score reports by logging into [www.atitesting.com](http://www.atitesting.com). **Students must submit a copy of the scores with their completed application packet.**

**RETEST POLICY**

Applicants to health programs may take the test a total of two (2) times in the academic year prior to submitting their application. Students should not take the test unless properly prepared. See Preparation above for more information. If a student takes the test a third time, the Admissions office will deem these scores invalid and testing fees will not be refunded.

**CONFIDENTIALITY**

The Center for Alternative Studies and Educational Testing will not provide information to any external sources regarding an individual’s test scores unless written permission is received from the student. This policy is in accordance with the student confidentiality policy of North Shore Community College.

**ACCOMMODATIONS**

Accommodations are available to students with documented disabilities. NSCC Students should speak with their accessibility counselor. Non-NSCC students must provide NSCC’s Accessibility Services with documentation of their disability. For more information visit [www.northshore.edu/accessibility](http://www.northshore.edu/accessibility) or contact Accessibility Services at 978-762-4000 x 4501. **Documentation must be received at least 2 weeks prior to the test date.** Students planning to test with accommodations should create an account on ATITesting.com but NOT schedule an exam until after contacting the testing center.

**ACADEMIC DISHONESTY**

Dictionaries or other aids are not permitted on the TEAS test. Other rules are posted throughout the Testing Center. Students who fail to comply with these rules face disciplinary action according to NSCC student guidelines. Disciplinary action may include: forfeited test scores, ineligibility for refunds, and the student may be deemed permanently ineligible for services of the testing center.
Applicants to the Radiologic Technology Program are required to attend one of the scheduled information sessions with the Department Chair. Come to learn more about the admissions process and the program. Please bring any questions you may have. This information should enable you to make a more informed decision about NSCC’s Radiologic Technology Program.

All Mandatory Information Sessions will be held at the

NSCC Danvers Campus
Health Professions and Student Services Building

Room 125

@ 2:00pm

on the following Thursdays

FOR FALL 2019 ADMISSION
September 20, 2018
October 18, 2018
November 15, 2018
December 13, 2018

FOR FALL 2020 ADMISSION
April 18, 2019
May 2, 2019

If unable to attend one of the scheduled Information Session, applicants may email Joseph Mansell, Program Chairperson, to schedule a meeting.

Joseph Mansell
