| High school transcript or GED score report | Submit an official copy of the high school transcript or GED score report. If you previously submitted the transcript or score report and attended classes within the past 5 years, then Enrollment likely has it on file. | Initial and check:  
Initial:  
____ submitted now with packet of application material.  
____ previously submitted |
| Program’s Student Handbook | The Practical Nursing Student Handbook must be read in its entirety. This can be accessed in the Library or on the website: http://www.northshore.edu/academics/departments/pnr/announcements | Initial:  
____ |
| NSCC Application for Admission | This form must be completed for the year for which you are applying; regardless of whether you are a new or current student (a previously submitted application does not count). | Initial:  
____ |
| Official transcripts from all Colleges/Universities previously attended | You must submit official transcripts from all Colleges/Universities previously attended. If the College/University will give an official transcript directly to you, then have them do so. This is the most efficient way for you to ensure that receipt of transcripts do not hold up your application. If you have previously submitted transcripts and have since completed courses or are currently registered for courses, then you need to submit an updated transcript.  
Transfer students from another NLN accredited school of professional nursing or practical nursing program or a practical nursing program approved by the Massachusetts Board of Registration in Nursing:  
- must also provide an official transcript from previous school of nursing or practical nursing program within the last 10 years  
- must also provide course syllabi from all previous nursing courses  
- will be evaluated for admission and advanced placement in nursing on an INDIVIDUAL BASIS. An informational interview may be required by the Department Chairperson. | Initial and check the option(s) that apply  
____ submitted with this packet of application material.  
____ mailed directly to NSCC  
____ previously submitted (no new courses).  
NOTE: The sooner you start the transfer request process the better. It has been the College’s experience that it can take on average 1-2 months for transcript requests to be processed and sent to us from other colleges. |

### Evaluation Information

Admission decisions are based on careful evaluation of all admission requirements detailed in the checklist. All submitted transcripts will be evaluated for overall academic performance/history and course work in specific subjects (including but not limited to science, English, behavioral sciences, health courses and math). Questionnaire evaluation includes but is not limited to the following: correct grammar/spelling, overall content and quality of answer (e.g. accuracy, thoroughness, and relevance to the question asked).

### Confirmation Statement

When you can initial every checklist item (on this page and the previous pages) as complete, then sign the confirmation statement below and submit your application to the Enrollment Center in Lynn or Danvers (submit in person if possible, but you can mail it to the address on the NSCC application form):  
I acknowledge that I have read all of the information in this admission application packet and the Practical Nursing Program’s Student Handbook in its entirety. I acknowledge that it is my responsibility that I understand all of the information contained in these items by seeking further information/clarification from an Academic Advisor and/or other appropriate College personnel. Furthermore, I agree to comply with all College policies including but not limited to Program policies should I be granted admission to this program.

Signature: ___________________________  Date: ___________________________
Additional Important Information

1. If you are accepted you MUST attend a Mandatory Orientation/Registration day scheduled for Tuesday June 7, 2011.

2. The program anticipates accepting approximately 40 students for Fall 2011. The decision in response to your completed application will be: accepted to Practical Nursing; accepted conditionally to Practical Nursing; or wait list for Practical Nursing; or denied admission to Practical Nursing.

3. Anatomy and Physiology 1 (BIO103) & 2 (BIO104) and Microbiology (BIO110) Some students chose to take the BIO103 and BIO104, and BIO110 courses in place of the HLS102 and HLS104 courses outlined in the Practical Nursing Program. If this is the case, then the following are true:

   - In order to substitute BIO103 and BIO104 for HLS102, you must have both BIO103 and BIO104 completed with a final grade of C or higher by September 3, 2011. If a student is unable to have both courses completed by that time, then they must take HLS102 during the first semester of the program, regardless of whether they successfully passed BIO103 with a C or higher.

   - For BIO103, BIO104 and BIO110: these courses must be completed within 10 years of the date of entry into the Practical Nursing Program in order to use them to meet graduation requirements. If these courses were completed more than ten years from the date of entry into the Practical Nursing Program, then the student must also pass the Excelsior College Examination with a cut off score equivalent to a "C" or better at NSCC (www.excelsior.edu or 888-647-2388) or take the course again and earn a C or better.

   - For BIO103: In order to register for this course, you must have completed ONE of the following: BIO101 or BIO105 with a grade of C or higher (no time limit); LPN Certificate (no time limit); Bachelor of Science in Biological Science (no time limit); H.S Biology with a C or higher within the last 5 calendar years, CLEP test with a score of 50 or higher within the last 5 calendar year, AP Biology Test with a 3 or higher within the last 5 calendar year. As of the Winter/Spring 2011 semester, another option to meet the pre-requisite to register for BIO103 will be a score of 50 or higher on the science section of the TEAS version V Entrance Exam.

4. Students interested in participating in an academic program that involves working with children, the disabled, or the elderly, or which includes a clinical affiliation, internship, or field placement with a private or public health care provider, may be required to undergo a Criminal Offender Record Information (CORI) and/or Sex Offender Record Information (SORI) check(s). Depending on the contents of student’s CORI(s) or SORI(s), participation in clinical, internship, or field placement course(s) may impact a student’s ability to complete program requirements.

5. In order to practice Nursing in Massachusetts, individuals must obtain a license, which according to law requires that individuals graduate from an approved program of Practical Nursing, apply to the Board of Registration in Nursing, be of good moral character, pass a licensure examination, and pay the appropriate fee. The license application requires individuals to answer specific questions about disciplinary actions (if any), other licenses (if any), and felony/ misdemeanor convictions (if any). Individuals may need to submit documentation in accordance with the Board’s Good Moral Character Licensure Requirement Information Sheet. After reviewing information submitted by an applicant, the Board will determine whether the applicant meets the statutory requirement of “good moral character.” For additional information, refer to the Board’s website at: http://www.mass.gov/dph/boards/rn, click on Licensing, then Good Moral Character Requirements for Licensure.

6. Working as a Practical Nurse is physically, mentally, and emotionally demanding. Applicants who are offered admission must document their ability to perform all essential tasks with or without reasonable accommodation in order to begin the professional courses. If you are an otherwise qualified individual with a disability who seeks a reasonable accommodation, you need to contact the Office of Disability Services for
eligibility determination for reasonable accommodation(s). A list of the essential tasks is in this packet under the section entitled, “Technical Standards for The Practical Nursing Program”.

7. All students must document immunity to measles, mumps, rubella, varicella and Hepatitis B via immunization or titer; document inoculation against diphtheria and tetanus within the last 10 years; and to provide evidence of a negative TST (Tuberculin Skin Test) within 6 months or one negative chest x-ray per OSHA/CDC requirements following a positive TST. Require students to be in compliance with the current OSHA requirements and standard precaution training. If you are accepted a Health Packet will be mailed to you and must be thoroughly completed by your physician or nurse practitioner AS SOON AS POSSIBLE, but no later than July 7, 2011. Additionally, if accepted, you will be sent and will need to sign the Technical Standards form (a copy is included in this packet for your review as part of the admission application process).

8. Prior to beginning clinical placements, students must subscribe to Student Liability Insurance.

9. Prior to beginning clinical placements, students must document that they have CPR certification at the health provider level.

10. During the program, students are responsible for their own transportation to a variety of clinical facilities (which may or may not be accessible by public transportation).

Click ‘Register for the TEAS’ then select Massachusetts and either Lynn or Danvers to see the dates and times available. Space is limited and students are scheduled on a first come-first serve basis. See “Registering and Paying for the Test” for more information.
REGISTERING and PAYING FOR THE TEST
It is recommended that applicants for the Fall Semester of 2011 prepare for the exam early and register to take the test as soon as they feel prepared. Registration and payment for the TEAS test are done online. To view available testing dates, register and pay:

- Credit card payment is due online at the time of registration. The fee is $60 per test.
- Payment is NON REFUNDABLE so be sure that you have read the admissions packet thoroughly and that you are ready to test on the date scheduled.
- You will receive an email confirmation of your testing appointment. Bring this confirmation and your ATI Username and Password with you on the date of testing.

- A photo ID (valid driver’s license or school ID with photo)
- Your ATI confirmation email

SCORING
Students receive their individual TEAS score reports immediately upon completion of the exam. Students can also access their score reports by logging into www.atitesting.com. However, students must also submit a copy of the scores with their completed application packet.

RETEST POLICY
Applicants to health programs may take the test a total of two (2) times per academic year (July 1, 2010 – June 30, 2011), therefore should not take the test unless properly prepared. See Preparation above for more information. If a student takes the test a third time, the Admissions office will deem these scores invalid and testing fees will not be refunded.

The Center for Alternative Studies and Educational Testing will not provide information to any external sources regarding an individual’s test scores unless written permission is received from the student. This policy is in accordance with the student confidentiality policy of North Shore Community College.
