## FINANCIAL AID AUTHORIZATION FORM 2008-2009

Street Address: \_\_\_\_\_ City: \_\_\_\_\_

State: \_\_\_\_\_ Zip Code: \_\_\_\_\_ Telephone Number: \_\_\_\_\_ Date of birth: \_\_\_\_\_

### Authorization to Credit Charges

If you have any financial aid left after your tuition and fees have been paid, you will have **remaining aid**. You may authorize Financial Aid to use a portion or all of your remaining aid to cover charges in excess of tuition and fees. You must have a complete file to be eligible for this authorization. Check YES or NO for each of the following three authorizations:

1. **Bookstore credit**  YES  NO

**Note:** Students must be taking a minimum of six credits and have enough remaining aid to receive bookstore credit. Checking YES will authorize Financial Aid to notify the bookstore of your eligibility for a bookstore credit and to use your remaining aid to pay for outstanding bookstore charges. In many cases, bookstore credit is provided to students based on *estimated financial aid*. Therefore, if the amount of your financial aid changes due to verification and review of your financial aid application, you will be ultimately responsible to pay for any bookstore charges on your account.

2. **Health insurance**  YES  NO

**Note:** All students taking a minimum of nine credits must be covered by medical health insurance. If you are not already covered, you may purchase insurance through NSCC at an **ESTIMATED** cost of \$900 for the academic year. (If only attending spring/winter term, the **ESTIMATED** charge is \$700.) (Actual insurance rates will be confirmed during summer 2008.) Checking YES will authorize Financial Aid to use your remaining aid to purchase health insurance coverage through NSCC.

**IMPORTANT:** All students who are registered in nine credits or more will automatically have the insurance charge posted on their account. If you have adequate health insurance coverage (please note that Free Care is not accepted as adequate coverage), this health insurance charge must be waived (or deducted) from your bill at the *beginning of each semester*. To have this charge deducted, you must waive the charge through your Pipeline account. To waive the health insurance charge, log in to your Pipeline account and follow these steps (on or after July 1, 2008):

1. Select the "School Services" tab on top of screen
2. Select "Student Services, Registration, & Financial Aid" link
3. Select "Student Accounts" link
4. Select the Health Insurance Waiver and complete your health insurance information as requested

3. **Outstanding charges for current academic year**  YES  NO

**Note:** Outstanding charges include, but are not limited to, optional MassPirg fee, payment plan fee, returned-check fee, parking fee, etc. Checking YES will authorize Financial Aid to use your remaining aid to pay outstanding charges for the current academic year.

THESE AUTHORIZATIONS CAN BE REVISED AT ANY TIME. If your aid is not sufficient, or you do not give us authorization, then you must pay or waive any such charges that apply.
