Thank you for your interest in the Nurse Education Program (LPN-to-RN Option) for Fall 2012. This application packet contains important information about admission requirements, the admission process, and program requirements.

Here are the Steps that must be followed to successfully apply to the program:

**STEP 1: READ THE INFORMATION IN THIS PACKET**
Please read all of the information in this packet carefully and follow all instructions. Admission to the Nurse Education Program (LPN-to-RN Option) is highly competitive and has a selective admission process. It is your responsibility to assure that you accurately understand the information in this packet and follow it accordingly.

**STEP 2: COMPLETE ALL ADMISSION CHECKLIST REQUIREMENTS**
The Admission Requirements Checklist in this packet details admission requirements and other important information. You must complete all checklist items for your application to be considered complete and ready for review. Please note that it is the applicant’s responsibility for assuring that the application is complete and received. **If any of the required items are incomplete/missing when you submit your application material, your application will not be processed (i.e. reviewed). We will mail it back to you.**

**STEP 3: SUBMIT YOUR COMPLETED APPLICATION**
We will begin taking completed applications on September 27, 2011. All completed applications received by close of business on February 14, 2012 will be reviewed for potential acceptance to the program. Completed applications may be considered under the same procedure after this date because space remains available in the program or waitlist, but there is no guarantee of such consideration. Admission to this program may close at any time after this date without notice. Thus, the only guarantee of consideration is to have the completed application submitted within the above dates. Applicants who submit completed applications between September 27, 2011 and February 14, 2012 will receive written notification of an admission decision in a letter postmarked by April 3, 2012. If offered admission, a non-refundable $100.00 deposit will be required to secure your acceptance to this Program.

- **Walk-in Submission**
  We strongly recommend that you submit your items in person so that we can review them with you to make sure that your application items are complete.

- **Mail-in Submission**
  As stated above, it is the applicant’s responsibility for assuring that the application is complete and received. You can mail the items to us (see the NSCC application form for address). However, if any of the required items are incomplete/missing when you submit your application material, then your application will not be processed. We will mail it back to you.

### Evaluation Information

Admission decisions are based on careful evaluation of all admission requirements detailed in the checklist. All submitted transcripts will be evaluated for overall academic performance/history and course work in specific subjects (including but not limited to science, English, behavioral sciences, health courses and math). Questionnaire evaluation includes but is not limited to the following: correct grammar/spelling, overall content and quality of answer (e.g. accuracy, thoroughness, and relevance to the question asked).

### Confirmation Statement

**When you can initial every checklist item (on this page and the previous pages) as complete, then sign the confirmation statement and submit** your application to the Enrollment Center in Lynn or Danvers (submit in person if possible, but you can mail it to the address on the NSCC application form): I acknowledge that I have read all of the information in this admission application packet and the Nurse Education Program’s Student Handbook in its entirety. I acknowledge that it is my responsibility that I understand all of the information contained in these items by seeking further information/clarification from an Academic Advisor and/or other appropriate College personnel. Furthermore, I agree to comply with all College policies including but not limited to Program policies should I be granted admission to this program.

Signature: ______________________________________________________________________ Date: ______________________________________________________________________
Additional Important Information

1. **If you are accepted** you MUST attend a Mandatory Orientation/Registration day to be held in Thursday, May 17, 2012.

2. **The Nurse Education Program anticipates accepting approximately 60 students for Fall 2012.** This includes students who enter the Nurse Education Program as freshmen and those who enter as sophomores. LPN applicants will be admitted for sophomore status based on space availability which is limited. The decision in response to your completed application will be: accepted to Nurse Education LPN-to-RN Option; accepted conditionally to Nurse Education LPN-to-RN Option; or wait list for Nurse Education LPN-to-RN Option; or denied admission to Nurse Education LPN-to-RN Option.

3. **Anatomy and Physiology 1 & 2 and Microbiology** – If you have previously completed these courses with a final grade of C or higher, they must have been completed within 10 years of the date of entry into the Nurse Education Program in order to use them to meet graduation requirements. If these courses were completed more than ten years from the date of entry into the Nurse Education Program, then the student must also pass the Excelsior College Examination with a cut off score equivalent to a "C" or better at NSCC (www.excelsior.edu or 888-647-2388) or take the course again and earn a C or better.

4. Students interested in participating in an academic program that involves working with children, the disabled, or the elderly, or which includes a clinical affiliation, internship, or field placement with a private or public health care provider, may be required to undergo a Criminal Offender Record Information (CORI) and/or Sex Offender Record Information (SORI) check(s). Depending on the contents of student’s CORI(s) or SORI(s), a student’s participation in clinical internship or field placement course may not be allowed, and therefore may impact a student’s ability to complete program requirements. Furthermore, please note that all screening requirements that occurred during the student’s enrollment in the program do not presume a guarantee of eligibility to sit for professional credentialing examination(s) or employment in a medical facility upon graduation.

5. In order to practice Nursing in Massachusetts, individuals must obtain a license, which according to law requires that individuals graduate from an approved program of Nurse Education, apply to the Board of Registration in Nursing, be of good moral character, pass a licensure examination, and pay the appropriate fee. The license application requires individuals to answer specific questions about disciplinary actions (if any), other licenses (if any), and felony/ misdemeanor convictions (if any). Individuals may need to submit documentation in accordance with the Board’s Good Moral Character Licensure Requirement Information Sheet. After reviewing information submitted by an applicant, the Board will determine whether the applicant meets the statutory requirement of “good moral character.” For additional information, refer to the Board’s website at: http://www.mass.gov/dph/boards/rn

6. **Working as a Nurse is physically, mentally, and emotionally demanding.** Applicants who are offered admission must document their ability to perform all essential tasks with or without reasonable accommodation in order to begin the professional courses. If you are an otherwise qualified individual with a disability who seeks a reasonable accommodation, you need to contact the Office of Disability Services for eligibility determination for reasonable accommodation(s). A list of the essential tasks is in this packet under the section entitled, “Technical Standards for The Nurse Education Program”.

7. **All students must document immunity** to measles, mumps, rubella, varicella and Hepatitis B via immunization or titer; document one-dose of tetanus, diphtheria and acellular pertussis vaccination; and to provide evidence of a negative TST (Tuberculin Skin Test) within 6 months or one negative chest x-ray per OSHA/CDC requirements following a positive TST. **If you are accepted** a Health Packet will be mailed to you and must be thoroughly completed by your physician or nurse practitioner AS SOON AS POSSIBLE, but no later than July 16, 2012. Additionally, if accepted, you will be sent and will need to sign the Technical Standards form (a copy is included in this packet for your review as part of the admission application process).
8. During the program, **students are responsible for their own transportation** to a variety of clinical facilities (which may or may not be accessible by public transportation).

9. Prior to beginning clinical placements, students must subscribe to **Student Liability Insurance**.

10. Prior to beginning clinical placements, students must document that they have American Heart Association **CPR certification** at the health provider level.

11. Students enrolled in the Nurse Education Program are required to purchase Student Nurse Uniforms, a Nursing Skills Laboratory Kit and a Personal Digital Assistant (I touch) with textbook software, and text books. The total cost is estimated to be $1000.00.
How to Apply for Admission

GENERAL INSTRUCTIONS

• Complete ALL information requested on the application form. An incomplete application will delay admissions processing.
• Submit proof of high school graduation, GED, a passing score on a federal Ability to Benefit test, or its equivalent. Some programs may require high school transcripts or GED scores.
• Submit official transcripts from each previous college listed on the application.
• Submit all documents to the following address:
  North Shore Community College, Enrollment & Student Records, PO Box 3340, Danvers, MA 01923

INFORMATION

• No application fee is required. NSCC has an open admissions policy.
• Some programs have specific selection procedures and interviews may be required. Prospective students are encouraged to call or visit the Enrollment Office in Danvers at 1 Ferncroft Road, or the Lynn Campus at 300 Broad Street.
• Students interested in participating in an academic program that involves working with children, the disabled, or the elderly, or includes a clinical affiliation, internship, or field placement with a private or public health care provider, may be required to undergo a Criminal Offender Record Information (CORI) check and/or SORI (Sex Offender Registry Information) check prior to participation.
• CORI and SORI checks are not used in any way as admission criteria. Depending on the contents of a student’s CORI and/or SORI, participation in a clinical affiliation, internship, or field placement may be denied. Programs involving a clinical affiliation, internship, or field placement are marked with a ✓ on the list of NSCC Credit Degree & Certificate programs.

FINANCIAL AID

North Shore Community College awards millions of dollars in federal, state and institutional financial aid each year to eligible students. Many students, however, miss out because they do not think they are eligible and do not complete the Free Application for Federal Student Aid (FAFSA). To apply for financial aid, students must complete the FAFSA available on the Federal Financial Aid Web site at www.fafsa.ed.gov. Financial Aid can be used to pay for tuition, fees, books, transportation, and other educational expenses.

We strongly encourage you to complete the FAFSA. If you need help with your financial aid application or college financial planning, our Financial Aid Office has counselors who can assist you.

For more information, please call 781-477-2107 or 978-762-4188. Admissions questions may also be emailed to: info@northshore.edu.

*NOTE: – These courses must be completed within 10 years of the date of entry into the Program (i.e. completed between September 2001 and the submittal of the completed application for entry in September 2011). If these courses were completed more than ten years from the date of entry into the Program, then the student must also pass the Excelsior College Examination with a cut off score equivalent to a “C” or better at NSCC (www.excelsior.edu) or take the course(s) again so that they are completed before the application is submitted.

* Applicants who are offered admission must document their ability to perform all essential tasks with or without reasonable accommodation in order to begin the professional courses. If you are an otherwise qualified individual with a disability who seeks a reasonable accommodation, you need to contact the Office of Disability Services for eligibility determination for reasonable accommodation(s). For those applicants offered admission, you will be asked to self-certify by signing the Technical Standards which are included in the Health Forms packet that you will be required to complete no later than July 16, 2012.
GENERAL INFORMATION
The “Test of Essential Academic Skills v 5” (TEAS) is a computerized test composed of multiple-choice questions organized into four sections, which measure reading ability, basic mathematics skills, science and English grammar. It is a timed test published by Assessment Technologies Institute (ATI Testing), LLP. Testers should plan to spend approximately 4 hours at the test center. The use of calculators, dictionaries or other aids is not permitted.

* Section is required but no minimum score has been determined.

NOTE: Nurse Education and Practical Nursing programs require that the TEAS test be taken at North Shore.

ELIGIBILITY
Any individual may take the TEAS test at the Center for Alternative Studies and Educational Testing. However, students may only take the test two (2) times per academic year (July 2011 – June 2012) for admission to NSCC nursing or allied health programs, regardless of the program to which they are applying.

SCHEDULE – The TEAS test is offered on a regular basis in Lynn and Danvers. To access the schedule go to www.atitesting.com. Click ‘Register for the TEAS’ then select Massachusetts and either Lynn or Danvers to see the dates and times available. Space is limited and students are scheduled on a first come-first serve basis. See “Registering and Paying for the Test” for more information.
REGISTERING and PAYING FOR THE TEST
It is recommended that applicants for the Fall Semester of 2012 prepare for the exam early and register to take the test as soon as they feel prepared. Registration and payment for the TEAS test are done online. To view available testing dates, register and pay:

- Go to www.atitesting.com.
- Click on the “Register for TEAS” link.
- Choose Massachusetts and then either Lynn or Danvers to choose a date for North Shore Community College’s testing.
- If you have an existing account, log-in to register and pay.
- If you don’t have an existing account, create an ATI account with a username and password. Once you have created your account, you will need to sign in to register and pay for the test.
- Credit card payment is due online at the time of registration. The fee is $60 per test.
- Payment is NON REFUNDABLE so be sure that you have read the admissions packet thoroughly and that you are ready to test on the date scheduled.
- You will receive an email confirmation of your testing appointment. Bring this confirmation and your ATI Username and Password with you on the date of testing.

If you need help registering for the TEAS, call ATI at 1-800-667-7531.

PREPARATION for TEAS Version 5.0
Students are strongly encouraged to prepare for this exam. The ATI Study Manual is available on reserve at the NSCC libraries, for sale at the NSCC College Bookstores or online at www.atitesting.com. An online practice test is available for a fee from the ATI website (atitesting.com). NSCC also offers non-credit prep courses for the TEAS test. For more information, consult the college website or call Corporate and Community Ed at (978) 236-1200. Be sure to obtain the study materials specific for TEAS version 5.0.

ADMISSION TO THE TEST
Report to ROOM LE232 (Lynn) or ROOM DB213 (Danvers) fifteen minutes before the start time of the test. Students arriving late will not be admitted to the testing session and must pay the $60 testing fee to reschedule. The following are required for admission to your TEAS testing session:

- A photo ID (valid driver’s license or school ID with photo)
- Your ATI confirmation email
- Your ATI username and password

SCORING
Students receive their individual TEAS score reports immediately upon completion of the exam. Students can also access their score reports by logging into www.atitesting.com. The test administrator will send student’s scores to the Enrollment Office at NSCC for the student’s file. However, students must also submit a copy of the scores with their completed application packet.

RETEST POLICY
Applicants to health programs may take the test a total of two (2) times per academic year (July 1, 2011 – June 30, 2012), therefore should not take the test unless properly prepared. See Preparation above for more information. If a student takes the test a third time, the Admissions office will deem these scores invalid and testing fees will not be refunded.

CONFIDENTIALITY
The Center for Alternative Studies and Educational Testing will not provide information to any external sources regarding an individual’s test scores unless written permission is received from the student. This policy is in accordance with the student confidentiality policy of North Shore Community College.

ACCOMMODATIONS
Students with documented disabilities should contact Jane Saunders (978-739-5429 or email jsaunders@northshore.edu) prior to registering for the test.

ACADEMIC DISHONESTY
The use of calculators, dictionaries or other aids is not permitted on the TEAS test. Other rules are posted throughout the Testing Center. Students who fail to comply with these rules face disciplinary action according to NSCC student guidelines. Disciplinary action may include: forfeited test scores, ineligibility for refunds, and the student may be deemed permanently ineligible for services of the testing center.
