Advising Notes

- The recommended courses listed are designed upon degree completion to enable a student to be eligible to transfer to a four year university in a health science major. Check your receiving institution to determine best credit transfer options.
- Courses are listed in the recommended order you should take them.
- Many courses have prerequisite requirements that must be fulfilled to be eligible to enroll in the course.
- If you intend to graduate with an associate degree in two years, you should enroll in 15 credits if taking only fall/spring courses.
- Taking classes in the winter intersession and summer can accelerate your time to degree completion.
- Completing 30 credits each year helps students stay on track to timely graduation.
- All student degree audits for graduation purposes will be based off the official program of study the student is enrolled in.

*Noncredit health courses are available to transfer in through CAS

Ⓡ Required course for degree
 X Center for Alternative Studies & Educational Testing (CAS) –
 Course competencies and prerequisites may be fulfilled through Credit for
 Prior Learning (CPL). Visit www.northshore.edu/cas for more information.
