Advising Notes

- This degree is designed upon completion to prepare students to be eligible to enter the licensure process, which includes successful completion of the National Council Examination for Registered Nurses (NCLEX RN). Upon passing scores on the national exam, students are able to seek entry level employment as a registered nurse.
- This program has several transfer options to a BSN pathway. See an academic advisor for details.
- Courses are listed in the recommended order you should take them.
- Many courses have prerequisite requirements that must be fulfilled to be eligible to enroll in the course.
- If you intend to graduate with an associate degree in two years, you should enroll in at least 15 credits if taking only fall/spring courses.
- Completing at least 30 credits each year helps students stay on track to timely graduation.
- All student degree audits for graduation purposes will be based off the official program of study the student is enrolled in.
