

## NSCC Transfer Opportunities

**MassTransfer** - These Agreements provide community college students who complete an associate degree, with the full transfer of credit, guaranteed admission, and a tuition discount (each based on final GPA).

<http://www.mass.edu/masstransfer/Students/AboutMassTransfer.asp>

**Transfer Articulation** - NSCC works with public and private colleges and universities to create transfer articulation agreements, official agreements entered into by NSCC and four-year colleges and universities, which agree to accept a program in its entirety, or a major portion of a program, into the Bachelor level of a comparable program.

**Early Childhood Education and Elementary Education (ECE/EE) Transfer Compact** - Statewide compacts are for students transferring from community colleges to state university campuses offering licensure programs at the baccalaureate level.
