SCHOLARSHIPS FUEL TRANSFORMATION

Scholarships are more than financial assistance. They are the fuel that powers transformation, turning generosity into opportunity and potential into purpose. With nearly \$6M awarded by the NSCC Foundation to students spanning four decades, each scholarship signifies that every student deserves a chance to succeed.

The NSCC Foundation Scholarship Program is intentionally designed to address the real cost of attendance, from tuition and fees to books, transportation, technology, and other essentials. When obstacles are eliminated, students are empowered to focus on learning, growing, and achieving their goals.

On behalf of the NSCC Foundation Board of Directors, congratulations to this year's 300+ scholarship awardees and our heartfelt gratitude to those who make their success possible. Your investment in higher education will continue to reach beyond the classroom, elevating families, careers, and communities.

JOSEPH MONACO AND
SANDRA FAZIO MONACO
MEMORIAL SCHOLARSHIP
Class of 2026

“
*Giving
scholarships is
a way to change
the world.*”

I want to be a surgeon and save lives, and I want to understand the basics of humanity before going into medicine.

At NSCC, I gained community. Everyone here assists you, no matter who you are or where you come from. There is just love flowing everywhere.

There are so many excellent students who can change the world in a second but don't have the funds to go to college and be who they are. Giving scholarships is a way to change the world.

LISA MILSO MEMORIAL SCHOLARSHIP
Class of 2027

I'm pursuing a career change and found a fresh start at NSCC.

NSCC's hands-on approach is a perfect fit for me to gain the skills I need to further my education and enter the IT and cybersecurity fields.

The students here have such varied and rich experiences. Meeting others who are also pursuing a career change inspires me to keep moving forward toward my goals.

I'm truly grateful for this scholarship award, and I hope it encourages other students to keep going and take that next step, no matter what their starting point is.

future for
everyone.*”

As the North Shore has evolved over the past six decades, NSCC has grown and changed with it. What remains constant is the unwavering dedication of the people who bring our mission to life every day.

Our students come from a variety of backgrounds in search of opportunity. Our faculty and staff recognize and nurture potential in every individual. Our alumni apply their skills to strengthen our economy. Our supporters make higher education accessible for all.

Investing in community colleges will continue to shape a strong and equitable future for everyone. Congratulations to our scholarship awardees, and heartfelt thanks to our generous donors. You inspire us all to stand united and carry this mission forward for generations to come.

THE RING FAMILY

The NSCC Foundation is proud to recognize The Ring Family for their exemplary and inspiring commitment to scholarships for student success through the Mary D. Ring Caregiver's Scholarship.

Bryan Ring, RN
A.S. Nurse Education
Class of 2005
Nurse, Mass General Brigham at
Salem Hospital Infusion Center

My mother was so proud that I went to NSCC and became a nurse that contributing a scholarship made sense. It was something that was really big to my mom, lowering that ladder down to help the next generation.

Community college students are resilient. They're going to face obstacles. They figure it out. They find a way.

If you're in a place where you're comfortable and you can help somebody else out, I think it's incumbent on you to do it. Our scholarship has given way more back to my family than I realized it could.
